

Family/Portrait

The Session

\$350

Perfect for couples, families, and anyone else wanting quality pictures to cherish for years to come. This package includes up to 1.5 hours of session time along with 15 digital images. The images will be delivered through a 90 day online gallery with free digital downloads and print release included.

*You also have the option to order prints, canvases, and metals through your gallery. All products ordered through your gallery are printed at a professional lab and are excellent quality. Please keep in mind that ordering prints from any source other than a professional lab may result in products that do not retain color, sharpness, and overall quality of the original picture.
